ACVS complies with Idaho Code 33-5205 Idaho Public Charter Lottery Procedures. These admission procedures include provisions for initial admission procedures and for over-enrollment. Admission procedures will be determined by lottery if initial capacity is insufficient to enroll all students who submit a timely application. The admission procedures may provide that preference shall be given in the following order: first, to children of founders, provided that this admission preference shall be limited to not more than ten percent (10%) of the capacity of the public charter school; second, to siblings of pupils already selected by the lottery or other random method; and third, to children of teachers employed by ACVS, and fourth, an equitable selection process such as by lottery or other random method.
